

## **Minimum Fund Balance**

The district recognizes the importance of maintaining a prudent fund balance in the general fund to ensure operational cash flow needs are met, to set aside resources for known obligations and to help protect against unforeseen circumstances. Accordingly, the district adopts this policy in regards to those portions of fund balance that are in spendable form but are not legally restricted as to their use from outside sources.

Annually, the superintendent or designee will present a general fund budget that includes a commitment of at least nine percent of the prior year's expenditures towards a minimum fund balance.
